

ABCs PowerPoint Project

In groups of four, please create a PowerPoint presentation that reviews the story of *Fahrenheit 451* by using every letter of the alphabet. Be creative. There are a couple templates from which you can use on my website. Please feel free to create your own design.

When thinking of material from the novel to include, be sure to include themes, character names, character traits, setting, ideas, objects in the story, and so on.

Examples:

Ideas:

- Themes: alienation, apathy, censorship, technology
- “Intellectual” becomes like a swear word.

Be sure to include details in complete sentences that explains the word or idea.
